

Creaktiv International is the only youth choir or even the only choir in the entire German-speaking world, which is also a humanitarian association, according to the association's statute.

Information at: creaktiv-international.at and facebook.com/creaktiv.international

Already before 1992/93 as a choir in the community active, came to work for children in need when the association was founded.

Virtually without own funds and without donations, more than 3,000 children have been helped so far and more than 4,000m³ of relief supplies have been brought to the needy.

The association maintains international relations with Romania, Finland, Germany and Afghanistan, with partner associations and the Vatican.

We have already received several awards for our activities. We received the Solidarity Award of the OÖ Kirchenzeitung, the Interkulturpreis of the province of Upper Austria, an award from Help4Fun and the HENRY of the Red Cross.

With support and donations, it looked sad in the 25 years of our existence. So our projects were denied from own private funds, from the donations of performances and the normal club promotion of the community. What can be estimated with a total of about 600 euros per year.

But this is also the normal club operation, notes, and instruments purchase, etc. to contest.
